## **Astrological Compatibility**

Astrologically, each individual is represented by a chart of the planets and houses at the moment of his birth. By comparing and contrasting the interrelationships of two separate charts, the astrologer can reveal the many ways and many levels that two people relate with each other. This is the astrological art of synastry as it has been practiced for several thousand years.

This report analyzes each of the two selected charts and interprets the astrological connections between them. The charts' data, along with planetary positions and house cusps, are printed on the previous page. There are four possible sections to this report, two for each of the charts. Any one of them, or all four of them, will be included here depending on which were requested. For each individual the two possible sections are: 1) How this person approaches relationships. This section considers only the one chart, and is appropriate for all relationships this individual makes. 2) How this person relates specifically with the second person. Here each paragraph interprets a contact between the two charts from one chart's point of view. The text here pertains to this one relationship only, and should be understood in light of the actual nature of the relationship.

Remember that every relationship contains points of similarity and harmony as well as points of conflict and discord. Through understanding, it is possible to cultivate and encourage the positive and harmonious, and keep relationships growing and fruitful through the highs and lows of the passing years.

## Report for John Legend

### How You Approach Relationships

Who would expect from your dignified and staid manner that you require so much mothering from a partner? Your natural business sense and conservative nature in general might point to your hooking up with a real no-nonsense and even cool type. Not the case. You are attracted by feeling and emotional types, and a good strong display of emotion never put you off, although you may prefer it in the privacy of your home. You find it hard to be demonstrative, yet you love to be cared for and even babied.

*Cancer on 7th Cusp*

You need lots of love and attention, and you don't mind being mothered a bit, either. You like partners who are emotionally sensitive, supportive, and nurturing. A bit of mothering goes a long way with you.

*Moon Ruler of 7th*

Without a partner your career may tend to flounder, so it's not likely you will live the single life for long. With you, it's a question of getting in a good relationship and then concentrating on being a success story, and not vice versa. You need a partner that will cheer you on in your work, or at the very least not stand in your way. There is also a tendency to attract people of some stature as friends, with the result that you tend to know the top professionals in your field or social group.

*Jupiter in 7th House*

## Report for John Legend

### Strengths in your relationships

You have always had a sense of being special, and of having experiences perhaps others have no memory of. You can handle even the most sensitive areas of your (or another's) mind, and have no problem with controversial and upsetting topics like death, dying, sex, and the like. You can't help being a psychologist of sorts. Sometimes it seems like the universe delights in showing its secrets just for you. You have a sixth sense for values, money, property -- opportunities.

*Moon Sextile Pluto (orb: 00 07')*

You are enchanting, and can transport a group of people with your mesmerizing words, action, or music. Through you, others catch a glimpse of a world more unified than the one they find themselves in, and hear from you of the life they know exists beyond the mundane. Once under your spell, you could motivate them to do almost anything. You owe much to your upbringing, which tolerated and gave support to your dreamier side. You can be very compassionate, and understand the feminine side of life.

*Moon Conjunction Neptune (orb: 00 13')*

You are very skilled and exhibit great artistry in whatever you do. Your work is always well organized and efficiently produced. You are driven to accept more and more responsibility, which is not a burden to you. This is a sign of excellent managerial ability. You're in it for the long haul and are a good example of what real discipline looks like.

*Mars Trine Saturn (orb: 01 52')*

You value independence in others, especially a lover. They must have some unique quality for you to take an interest. Your taste in friends runs to the unconventional. You appreciate variety in all things and are delighted when a partner comes up with a new and different way to get your attention. You don't like to be tied down. You probably have a penchant for inventions, electronics, and new-age technology.

*Venus Conjunction Uranus (orb: 01 60')*

You have a fantastic imagination and are somehow tuned into what we all dream of at the deepest levels. The dream worlds, the more eternal thoughts of mankind, come easy for you, and you would be a convincing speaker on occult, metaphysical, and religious subjects. The way you talk about the intuitive and imaginative realms is very moving to others. You are able to put into words the sense of unity that we all know exists in the world but can't always keep in mind. You could be a fine poet or musician, especially a composer.

*Mercury Conjunction Neptune (orb: 03 52')*

You communicate very well, and it is easy for you to give others a feeling for whatever you're thinking. You tend to believe that there is almost no problem that cannot be handled with words, by talking it out. You could be a fine speaker. Your natural sensitivity for the feelings

and thoughts of those around you makes you a valued community member. Needless to say, you want a partner who is at home with feelings and -- above all -- likes to talk.

*Moon Conjunction Mercury (orb: 04 05')*

Very sensitive areas of conversation that might intimidate most (taboo subjects, etc.) don't bother you at all. You always persevere and keep right on investigating. You are expert at getting straight to the heart of things, and would make a super sleuth, or researcher. The deeper a secret is buried, the more likely it is that you will turn it up. And when it comes to money, sex, and other highly charged issues, pity anyone who tries to manipulate you. That's your bailiwick, and there are very few who can stand to argue with you.

*Mercury Sextile Pluto (orb: 04 12')*

You have great emotional control, and this allows you to pace yourself in ways average people cannot. You can keep control when others lose it. This suggests the capacity for sustained effort on your part which may manifest in a natural athletic ability. Your relationships, which tend to be long lasting, are easy going. There is an accent on leadership and masculinity.

*Sun Conjunction Mars (orb: 05 36')*

A real love of science and natural laws. You are a hard and tireless worker with absolute determination and the ability to carry great projects through to completion. Always the protector to all those you come to know, you tend to have long and secure relationships. Since you are a natural conservative, those older than yourself (authority figures) tend to benefit you.

*Sun Trine Saturn (orb: 07 28')*

You are a great problem-solver, and can always think of a way to do almost anything. Your friends know you to be fair, and your integrity is unquestionable. You may find yourself interested in legal matters, publishing, philosophical and religious subjects, and would make a good teacher or instructor. Scientific investigation would interest you.

*Mercury Trine Jupiter (orb: 07 29')*

## Report for John Legend

### Challenges in your relationships

Everyone would agree that you make a good critic, although not everyone would agree that you are always fair. You don't like opposition. In conversations, you may find yourself squelching others' points of view. You have great mental endurance and tend to involve yourself in projects that most would find tedious. You like repetitive work.

*Mercury Square Saturn (orb: 00 55')*

You don't have much faith in people seeing what is good about you on first meeting. You want to do something for them, somehow show them by action and work what you are really about. You are never a lightweight, for you take feelings very seriously. Sometimes you can't help but be a party-pooper. You won't just let your feelings out without examining them. Contact with others may have the effect of putting them in touch with their more serious side. Some may see you as religious or meditative.

*Moon Square Saturn (orb: 04 60')*

A history of insecurity, possibly fear of confrontation and of getting to the heart of things. Competitive to the point of power struggles. Frequent blow-ups. Things tend to build up to the point where you go through some big transformation and start over. Your attempts to control relationships end with your feeling rejected. A very understanding, psychologically oriented partner is in order.

*Mars Square Pluto (orb: 06 59')*

## Report for John Legend Your Relationship with Chrissy Teigen

The two of you may work together in the public eye. From the very first, you saw that she was a natural complement, and you knew that you could always count on her support. You might actually form some kind of business partnership. She seems to respond to your every mood. There is real harmony between the two of you. Others could come to depend on your relationship for reasons of their own.

*Her Moon in Your Seventh House*

The two of you probably met as part of a group that shared some common interest. Chrissy struck you as a peer, an equal who shared perhaps the same new-age way of seeing things that you do. You have both had the same vision, a common dream, and probably share a mutual resolve to see that those dreams happen. There is a sense of a brave new world about this friendship. The two of you standing on the edge of the future. She represents the way you feel relationships should be. There is a feeling of doing the right thing, what ought to be done, even at the expense of a little warmth.

*Her Sun in Your Eleventh House*

You find that Chrissy is a fair and open person, and your conversations with her tend to focus on humanitarian and global concerns. There is always a high tone to your talks, and you both bring the best out in each other. You may tend to agree on goals and social/political issues, or be part of some larger group's work. There is a mental and intellectual bond between you that could result in a partnership involving speaking or writing.

*Her Mercury in Your Eleventh House*

You always end up being the authority when the two of you get together. She has a true appreciation for your skills and abilities. In Chrissy's eyes, you have the wisdom and practical good sense that she yearns for. There is a tendency for her to assume the role of a student or apprentice. She can't help but promote your stature and career, and loves to be seen in public with you. You are an important figure in her life.

*Her Venus in Your Tenth House*

Chrissy always manages to bring out the philosopher in you. She can be a moving force in developing your deeper and more metaphysical qualities. There is a real emotional tone to how you relate, but it tends to confine itself to matters of religion and values. The two of you could have discussions that often turn into debates. She could be responsible for pushing you toward a role as a teacher or guide to others.

*Her Mars in Your Ninth House*

Chrissy is your good luck charm. She leads you out of yourself and makes it possible for you to come across looking better in situations than you might without her. People experience you as more expansive and outgoing when you are with her. Your relationship could become a

highway to much greater things. There may be a tendency to spend everything and get carried away with projects and ideas.

*Her Jupiter in Your First House*

Whatever this relationship may or may not be, it probably is not a social triumph. Chrissy may tend to be a damper when it comes to group or community get-togethers. Your friends may not like her, or she may be critical of the goals of a particular group. Any groups she might approve of would have very strict morals and ethics. She may simply not like to get together in groups.

*Her Saturn in Your Eleventh House*

Chrissy has the capacity for introducing you to radically new goals and groups of people. Perhaps through her you will meet a whole new set of friends, or be part of a group working on a new-age project. You may come to have a completely new idea of your fellow man, of brotherhood, and all of that stuff. She has radical ways of seeing things. All this may come as quite a surprise to you and may upset the traditional apple cart. She is anything but boring.

*Her Uranus in Your Eleventh House*

This relationship is potentially a very useful one. Through Chrissy you get a real sense of self-sacrifice and working for the benefit of all mankind. You may be swept up in an almost dreamlike state, able to be very forgiving and understanding. You may feel a little saintlike. On the down side, the whole thing can find you carried away to the point of neglecting the realities of life. You might give all your possessions away. Who knows if that would be a good or a bad thing?

*Her Neptune in Your Twelfth House*

A different kind of teacher. Chrissy tends to view life and philosophy just the way you do. She may take the lead when it comes to introducing you to new ideas and getting rid of worthless pipe dreams. She is an intellectual challenge, and does not hesitate to throw ideas of yours out the window that she finds not to the point. You will seldom find someone who is as intellectually aggressive, a kind of mental purgative. She can change your basic philosophy of life.

*Her Pluto in Your Ninth House*

*Your Venus Trine Her Moon (orb: 03 29')*

You understand, and are in sympathy with, her dreams and ideals, which is very important to her. There is a sense of shared vision, and you probably both like the same movies. Her imagination complements yours. She may tend to idealize you.

*Your Sun Conjunction Her Neptune (orb: 04 01')*

Lovebirds! There is real mutual admiration between the two of you, and you work well together. This would hold true of a business as well as a love relationship. Essentially this is due to a sense of shared ideals and values. You appreciate the very same things in life.

*Your Venus Conjunction Her Venus (orb: 05 22')*

Heavy feelings and emotional drama will be a part of this relationship. You may feel that she refuses to support your life ambitions. You may find yourself hurting her feelings again and again. A stormy marriage.

*Your Mars Opposition Her Moon (orb: 05 60')*

## **Report for Chrissy Teigen**

### **How You Approach Relationships**

You are always sensitive to others' feelings, and you pick up on even the slightest change in mood. Life for you is, above all, an experience to be lived and felt, and you find yourself sometimes up and sometimes down. You look to your partner for continual advice and guidance. You prefer a mate who is able to give you an overview or picture of what is happening. It's even OK if your partner runs a tad cool, because you tend to run a little hot... sometimes gushy. You depend on the calm, disciplined advice of a good manager -- which is what your partners often turn out to be.

*Capricorn on 7th Cusp*

You like a partner that is a hard worker, perhaps a little on the serious side -- a mainstay of the community. They may tend to run a little cooler than hot, and this is OK with you. You may benefit from the discipline that an older, more accomplished, life brings to you. You may have a tendency to find your partners restrictive and too serious at times.

*Saturn Ruler of 7th*

## Report for Chrissy Teigen

### Strengths in your relationships

You can't help but think in an organized way, and you are a stickler for routine. You love it. You probably have a scientific bent, for your analytical abilities are first rate. You love first principles and getting down to the bare bones of a subject. Mathematics and all things technological are a snap for you. You have great mental endurance and probably have done more than your share of studying. So serious.

*Mercury Conjunction Saturn (orb: 02 04')*

You have an uncanny sense of justice coupled with an innate ability to interpret the law, whether manmade or natural. This may manifest thru your showing others the way thru, or beyond, the problems in their lives. A practical sense of how to manipulate the opportunities that appear in life. Just plain luck! A natural love for those with more experience or authority. A teacher, or benefactor, is likely.

*Sun Sextile Jupiter (orb: 03 32')*

You have a real drive to discover or invent things. You are always pushing the envelope, going the limit. You know it is at the leading edge where all the real breaks occur. You are fascinated by what is happening in technology and communications. Others find you original and nonconventional, especially in your love life. You have your own very original idea of love, emotions, and marriage. You march to a different drummer when it comes to relationships.

*Mars Sextile Uranus (orb: 03 52')*

You dote on responsibility, and love to bring order and discipline to anything (or anyone) you are involved with. You wouldn't be caught dead in an extravagant display, not because you are a cheapskate, but because of your natural love of thrift and economy. Family and loved ones get first class care and service. Others will value you for these qualities. You probably love to work.

*Venus Conjunction Saturn (orb: 04 45')*

You communicate very well, and it is easy for you to give others a feeling for whatever you're thinking. You tend to believe that there is almost no problem that cannot be handled with words, by talking it out. You could be a fine speaker. Your natural sensitivity for the feelings and thoughts of those around you makes you a valued community member. Needless to say, you want a partner who is at home with feelings and -- above all -- likes to talk.

*Sun Conjunction Mercury (orb: 05 05')*

You love to talk and write, and you probably do so beautifully. Your sense of color, harmony, manners, and all that is artistic, is beyond reproach. You know quality, and people love to let you pick out art or arrange color schemes for them.

*Mercury Conjunction Venus (orb: 06 49')*

A real love of science and natural laws. You are a hard and tireless worker with absolute

determination and the ability to carry great projects through to completion. Always the protector to all those you come to know, you tend to have long and secure relationships. Since you are a natural conservative, those older than yourself (authority figures) tend to benefit you.

*Sun Conjunction Saturn (orb: 07 09')*

You love whatever is new or different, and breakthrough flashes of original insight are typical. You could invent something, and you have a natural love for communication and new-age technology. You appreciate independence and originality in others, especially in a partner, and may tend to have unusual friends who are very likely male. You like to keep things spontaneous.

*Sun Conjunction Uranus (orb: 08 49')*

People just naturally love you, perhaps because they sense that you really care for them too. This amounts to more than just a minor talent. You have lots of friends, and many relationships. You're just fun to be around. You may hang out with artistic types, or be one yourself. The feminine, in all of its aspects: fashion, beauty, style, etc., is your cup of tea. You love people and working with the public.

*Moon Trine Venus (orb: 08 51')*

## Report for Chrissy Teigen

### Challenges in your relationships

It may have been hard to get emotional support over the years, and your temper has not always been a help to you. You have had to work a lot of problems out for yourself. While you do have a lot of motivation and energy, often there is some difficulty in getting it channeled in useful directions. Sometimes you feel that others don't like you. You require a partner that can give you lots of emotional support. There could be a basic ambivalence with your mother, or with women in general. You may not feel like working.

*Moon Square Mars (orb: 03 27')*

## Report for Chrissy Teigen Your Relationship with John Legend

The two of you may end up working with the public on some health or service-related project. That may even be how you met. John personifies, and brings to your attention, concerns that you have known about for a long time but perhaps never acted upon. Things like diet, smoking, exercise, preventative medicine...anything that exemplifies a caring attitude. He is very supportive, and when you are with him it seems that all these endless details are easy and even fun to care for.

*His Moon in Your Sixth House*

This is a true partnership -- real marriage material. When you first met John, you got the message as to what marriage and partners are really all about. Perhaps for the first time you experienced what it is like to totally respond to another person. All you wanted to do was to love and care for him. Bells rang, and all of that. It had the potential for being a real initiation, a coming together. You are ready to work to keep this love together.

*His Sun in Your Seventh House*

When the two of you get together for an intensive talk session, watch out. You love to discuss the details of work and matters relating to your health, self-improvement, and general well-being. He brings out ideas on how to improve and care for yourself. On the down side, both of you can slip into a very critical vein, especially of others. You may find yourself working together in some editorial or managerial capacity.

*His Mercury in Your Sixth House*

John appreciates your sense of self -- the way you feel and express yourself. He is proud of you and always urges you on to greater heights of creativity and self-expression when you are with him. Through him you may discover that you are more of an artist or performer than you had imagined. There is much affection and plain old good feelings. Great love potential. A healthy relationship. You also may have similar views when it comes to ideas about animals and children.

*His Venus in Your Fifth House*

He can be a real go-getter when it comes to the social scene -- always on the move. This may have the effect of moving you to get out and be sociable. The two of you could do a lot together. It is possible that your friends may see him as just a little pushy or too game. Relations may take on an emotional tone that could be unneeded or unwelcome. He may tend to be the life of the party.

*His Mars in Your Seventh House*

There is no doubt that he is a "luck sack". Through him many opportunities are possible, especially relating to your financial positions and resources in general. John is a natural guide for you and can help make the most out of what you have -- multiply it many times over. He

appreciates what you have going for you and has good ideas as to ensuring you a secure response from the world. He may come bearing gifts.

*His Jupiter in Your Second House*

John may tend to put a damper on the conversation. No matter how bright you may be feeling, he probably remains cool to any of your eloquence -- despite it. He is a person of few words when it comes to you. On the other hand, he causes you to cut back on the outflow of words and to think about what you're saying. You have to work to get your words out. There could definitely be a communication problem here.

*His Saturn in Your Third House*

He has unusual ways of showing affection and a different sense of self-expression. When you are with him you find yourself willing to try things, feel out all the new possibilities and this includes love making. You just never can be sure what to expect when it comes to John, and he never ceases to surprise you.

*His Uranus in Your Fifth House*

If this is anything else but a brief philosophic or artistic tryst, you may have to take some preventative measure. John tends to get you carried away to the point of neglecting responsibilities -- the details of life. Somebody has to empty the garbage, and he may not be the first one to suggest it. He may bring a soothing relief to some of the harsher aspects of life. There is a real temptation to escape from all the little details.

*His Neptune in Your Sixth House*

You have an immediate gut reaction from John, especially when he challenges your more traditional ideas of security -- home and family. He can be a disruptive force in your day-to-day routine and home life. He knows just how to get at you, and you may become very emotional when the two of you are together. You may find yourself hiding this relationship, reserving it for times when you can be alone with him.

*His Pluto in Your Fourth House*
